

**Angel Bite:** *Where Seung is fighting his demonic craving for Claire's blood.*

He cut her off, grunted, and flattened her to the shower wall. “That’s not the problem, Claire.” Her name was a growled warning. His lips vibrated her flesh where they now pressed against her throat. “If you only knew what I wanted.” Seung’s mouth trailed lower. His sharper than usual teeth scraped her sensitive flesh. Another low rumble vibrated her back as if he hovered on the verge of losing control. “You’d run like a rabbit.”

**Angel's Salvation:** *Where the surprise MMC is trying to convince the FMC that he has been faithful in all of their lives together.*

He hissed. “You doubt me still?” The grip in her hair tightened, and his hot breath fanned her lips. “Even when you are the *andardráttur* in my lungs. The very air I breathe.” His mouth crushed hers, claiming her lips like he planned to claim her body. His tongue swept inside, licking alongside hers in a furious kiss. Panting, he broke away. “Know this, *m’ahev* ...” Something dark and lethal entered (Redacted name)’s tone. “I have killed hundreds of men in my quest to find you.”

[removed portion] ... “And I will kill a hundred more to keep you.”

**Kiss of the Raven Witch:** *Where Cruz and Breezy are having their first full-on intimate scene.*

Cruz's entire body jerked. When she looked up, glowing golden eyes stared back, suggesting his beast was barely contained. Sharp canines punched down. "Suck me off, or climb on, wicked *bruja*," he growled through a grin. "Before I misfire into your hair. It's been a decade for me."

"Really?" She released a hum of approval against his warm skin. That confession pleased her more than she would have expected. "Well, we can't have any *misfires* now, can we?" She trailed a series of light kisses up his inner thigh.
